Marketing restrictions in respect of the Shares

The distribution of the Private Placement Memorandum and the offering or purchase of the Shares may be restricted in certain jurisdictions. No person receiving a copy of the Private Placement Memorandum in any such jurisdiction may treat the Private Placement Memorandum as constituting an offer or invitation to them to purchase or subscribe for Shares unless in the relevant jurisdiction such an offer or invitation could lawfully be made to them. Accordingly, the Private Placement Memorandum does not constitute an offer or invitation to anyone in any jurisdiction in which such offer or invitation is not lawful or in which the person making such offer or invitation is not qualified to do so or to anyone to whom it is unlawful to make such offer or invitation. It is the responsibility of any person in possession of the Private Placement Memorandum to inform themselves of and to observe all applicable laws and regulations of any relevant jurisdiction.

The general partner of the Fund, having been appointed as General Partner accepts responsibility for the information contained in the Private Placement Memorandum. To the best knowledge and belief of the General Partner (which has taken all reasonable care to ensure that such is the case), the information in the Private Placement Memorandum at the time of its issuance does not omit anything likely to affect the importance of the information.

The Shares have not been, and will not be, registered under the 1933 Act, any of the securities

laws of any of the states of the United States. The Fund has not been and will not be registered neither under the 1940 Act, nor under any other US federal laws. Therefore, the Shares in the Sub-Funds may not be offered, sold, resold, transferred or delivered directly or indirectly, in the United States, except pursuant to an exemption from the registration requirements of the 1933 Act.

Further, the General Partner has decided that the Shares shall not be offered or sold, directly or indirectly, to any ultimate beneficial owner that constitutes a Prohibited Person. As such,

the Shares may not be directly or indirectly offered or sold to or for the benefit of a Prohibited Person.

Holders of Shares are required to notify the General Partner of any change in their non-Prohibited Person status. Prospective investors are advised to consult their legal counsel prior to investing in Shares in order to ascertain their status as non-Prohibited Persons.

The General Partner may refuse to issue Shares to Prohibited Persons or to register any transfer of Shares to any Prohibited Person. Moreover, the General Partner may at any time compulsorily forcibly redeem the Shares held by a Prohibited Person.

Statements made in the Private Placement Memorandum, except where otherwise stated, are based on the laws, regulations and practices currently in force in Luxembourg and are subject to changes therein.

Note on the Foreign Account Tax Compliance Act (“FATCA”)

The Fund opted for the status of Restricted Fund under FATCA and, as a result, its Interests cannot be sold directly or indirectly to any Excluded Investor.

As a result, the General Partner shall refuse any contribution of any Excluded Investors or to register any transfer of Interests to any Excluded Investors. Moreover, the General Partner shall at any time compulsorily forcibly redeem the Interests held by any Excluded Investors and close all accounts held for such person(s). This redemption shall be made as soon as reasonably achievable and, at the latest, within 6 (six) months from the date of discovery of such person status. In such case, the General Partner will send a notice that the redemption will take within 30 (thirty) days. After 30 (thirty) days, the General Partner will redeem all the Interests of the Excluded Investors at nominal value. All expenses in relation with this redemption will be borne by this Excluded Investor. However, the redemption price will be paid at the next distribution decided by the General Partner.

The Fund’s distributor, as defined under section 12 of the present Private Placement Memorandum, has to mandatorily notify the Fund of a change in its chapter 4 FATCA status within a 90 (ninety) day period following such change as required by the Intergovernmental Agreement concerning FATCA between Luxembourg and the United States signed on 28 March 2014.

Note on Common Reporting Standard (“CRS”)

The Fund acknowledges to be an investment entity (*entité d’investissement*) in the meaning of the section VIII A. 6) of the CRS Law and therefore to be qualified as a declaring financial institution (*institution financière déclarante*) in the meaning of the section VIII A. of the CRS Law. Therefore the Investors should be aware that, if the Investor is in the scope of the CRS Law and the CRS Regulation, the Fund shall comply with the due diligence or reporting or any other obligations set out in the CRS Law or the CRS Regulation.

For this purpose, (i) the Fund will request from the Investors the relevant information to be gathered pursuant to the CRS Law and the CRS Regulation and (ii) the Fund will, to the extent required by the CRS Law and the CRS Regulation, report on the Investor being in the scope of the CRS Law and the CRS Regulation.

Cautionary note regarding forward-looking statements

The Private Placement Memorandum contains forward-looking statements, which provide current expectations or forecasts of future events. Words such as “may,” “believes,” “expects,” “plans,” “future” and “intends,” and similar expressions, may identify forward-looking statements, but the absence of these words does not mean that the statement is not forward-looking. Forward-looking statements include statements about the Fund’s plans, objectives, expectations and intentions and other statements that are not historical facts. Forward-looking statements are subject to known and unknown risks and uncertainties and inaccurate assumptions that could cause actual results to differ materially from those expected or implied by the forward-looking statements. Potential investors should not unduly rely on these forward-looking statements, which apply only as of the date of the Private Placement Memorandum.

Data protection policy

1. Investors must be aware that personal information given on the subscription form or otherwise in connection with an application to subscribe for Shares and details of their shareholding may be disclosed to the other companies affiliated to the Fund for the purpose of developing and processing the business relationship with the Shareholders.

2. Investors must be aware that the personal data will be disclosed (i) to Credit Suisse Fund Services (Luxembourg) S.A. (as defined under clause 3.11 below) and any other member of the Credit Suisse group and other parties which intervene in the process of the business relationship (e.g. external processing centers, dispatch or payment agents), including companies based in countries where data protection laws might not exist or be of a lower standard than in the European Union or (ii) when required by law or regulation (Luxembourg or otherwise). Such disclosure of personal data to Credit Suisse Fund Services (Luxembourg) S.A. and any other company within the Credit Suisse group will allow the Shareholder access *inter alia* information regarding such Shareholder’s participation in the Fund through a secure web-enabled Credit Suisse information system.

Anti-money laundering and Countering the Financing of Terrorism regulations

In accordance with the Luxembourg laws of 19 February 1973 (as amended) intended to combat drug dependence, and with the law of 5 April 1993 (as amended) on the financial sector, as well as the law of 12 November 2004 (as amended) concerning the fight against money laundering and the financing of terrorist activities, and in accordance with the various circulars of the regulatory authorities, professionals in the financial sector must prevent collective investment organizations-such as the Fund-from being used as a means of laundering money. In this light, measures have been imposed concerning the verification of the identity of Shareholders or the identity of any intended beneficial owners of the Shares (if they are not the subscriber e.g. where the subscriber is a corporate entity or acts as trustee or nominee). The completed Subscription Form must include – in the case of a private investor –

a copy of his passport or identity card and in the case of a corporate body, an up-to-date copy of its articles of association and an extract from the relevant Trade and companies registry (*Registre de commerce et des sociétés*). These copies must be certified conform by an ambassador, a consul, a notary or by the local police. This identity check may be judged unnecessary by the Fund in the following circumstances:

- the Subscription Form comes from an intermediary who is recognized as a member of the financial sector and is domiciled in Luxembourg or in any other country which imposes identity checks identical to those in force in Luxembourg with the aim of stopping money laundering; or
- the Subscription Form comes from a branch or a subsidiary of a professional of the financial sector subjected to identity checks equivalent to those in force in Luxembourg insofar as the law or group policy imposes the same identity check measures on branches and subsidiaries.

It is generally held that professionals of the financial sector domiciled in a country which has ratified the conclusions of the GAFI report are obliged to apply identity check measures equivalent to those in force in Luxembourg.

The Shareholders may be required to provide additional documents to complete the identity check prior to the acceptance of their Subscription Form. Any subscription or transfer of Shares may be rejected by the Central Administration Agent and the subscription or transfer shall not become effective until the Investor has provided the required information under the applicable know your customer and anti-money laundering rules.

The Fund reserves the right to refuse all or a part of an application for subscription. In the case of non-acceptance of an application, the amount of the subscription or the balance remaining from a partial acceptance shall be reimbursed to the applicant within 5 (five) working days of the refusal either by cheque or by wire transfer, in which case all charges shall be borne by the applicant.

Any information provided in this context is collected for anti-money laundering compliance purposes only.

Additional considerations in terms of due diligence to the Fund's distribution channels and investments as per the AML/FT Regulations as amended

In addition to the above mentioned, it is to note that the AML/FT function relating to the General Partner is shared between the Board and the Domiciliation Agent and Registrar holder of the General Partner currently under management, being Crédit Suisse Fund Services (Luxembourg) S.A., a société anonyme (public limited company) having its registered officer at 5, Rue Jean Monnet, L-2180 Luxembourg and registered with the Luxembourgish trade register under the number B45727. Likewise, the General Partner is a regulated entity by the CSSF, the Luxembourgish regulator, under the Law of 12 July 2013 and registered under the number A00000230.

To this extent, the Registrar is performing the AML/FT initial and ongoing checks on the Funds' investors while the General Partner is performing the initial and ongoing checks on the Funds' investments. It is the responsibility of the Board to ensure that the Registrar and the General Partner perform their tasks efficiently and in compliance with applicable law, in particular at a AML/FT level.

Within the Fund, the anti-money laundering and terrorist financing due diligence procedures

are organized at different levels:

First, the Board: bears the ultimate responsibility within the General Partner for the effective implementation of the AML/FT compliance monitoring. The Board is responsible for organizing and maintaining an adequate AML/FT compliance function within the Fund. The Board will also validate the content of the relevant documentation as well as their further updates. The Board acting jointly is responsible for compliance with the professional obligations as regards the fight against money laundering and terrorist financing in accordance with article 4 of the 2004 Law. In connection to the Fund, the designated registered representatives are collectively the Board members.

Besides, the AML/FT Compliance Officer performs the AML/FT analysis in order to assess the related risks to the particular Fund and define specific client risk rating (the Client Risk Rating or CRR) for the Fund. The frequency and the content of the on-going assessment is determined on the basis of this CRR. The AML/FT Compliance Officer at the level of the senior management is Omea Advisors SàRL, a Société à Responsabilité Limitée (limited liability company) having its registered office at 2, Place de Strasbourg, L-2562 Luxembourg and registered with the Registre du Commerce et des Sociétés (the “RCS” or “Luxembourg Trade and Companies Register”) under number B216235, and represented by Mr Olivier Meyer, who possesses adequate knowledge and experience with AML/FT regulatory requirements to perform such tasks.

In terms of the distribution channel risks, it is the responsibility of the Registrar and General Partner to identify the specific risks inherent to the distributor channels related to the Fund. Indeed, they have to assess the risk profile of the parties as well as their level of internal control related to AML/FT, the supervision they are subject to, the transparency of the distribution channel, the nature of the business involved as well as the source of the funds. The following factors may contribute to increasing the risk associated with any fund under management:

- Unclear or complex distribution channels that limit the Fund’s oversight of its business relationships and restrict its ability to monitor transaction, for example the fund uses a large number of sub-distribution in third countries; and/or
- The distributor is located in a jurisdiction associated with higher AML/FT risk.

Finally, the General Partner may apply simplified due diligence procedures for investors/customers, in the case where the investments performed by the Funds are in listed companies on regulated markets which apply similar AML/FT standards as Luxembourg. Likewise, the AML/FT Compliance Officer will ensure that complete customer due diligence documentation has been received by the General Partner and are up-to-date with regards to the Fund’s investments and their counterparties and will perform an ongoing monitoring of these investments and counterparties against list of sanctions, potentially exposed persons lists and adverse media coverage.

The subscription, sale and holding of Shares of the Fund is restricted to Well-Informed Investors subscribing on their own behalf or to Well-Informed Investors subscribing on behalf of other Well-Informed Investors.

The Fund has been incorporated in Luxembourg with an initial share capital of EUR 31,000 (thirty one thousand euro) represented by 1 (one) management Share, 30 Class A Shares of no par value of the sub-fund GARIM S.C.A., SICAV-SIF World Equity on 1 December 2011 for an unlimited duration. 6. TRANSFER OF SHARES

Shares are only transferable between Well-Informed Investors and may be subject to such other transfer conditions as set forth in the Sub-Fund Specifications.

The General Partner has the right to refuse any transfer, assignment or sale of Shares, if the General Partner reasonably determines that it would result in a Prohibited Person holding Shares, either directly or indirectly, as an immediate consequence or in the future.

Any transfer of Shares shall be entered into the Shareholders Register.

7. REDEMPTION OF SHARES

Shareholders may redeem their Shares on any Valuation Day by transmitting an irrevocable redemption order by facsimile or mail to the Central Administration Agent. The redemption order must clearly state the name of the Fund and Sub-Fund, the Share Class/Category (if applicable), the number of Shares to be redeemed or the total value of Shares to be redeemed, together with the Shareholder's name as registered with the Fund. Payments of redemption proceeds will be made in the currency in which the Shareholder's account is denominated.

Please refer to Sub-Fund Specifications for information on the specific details relevant to the redemption of Shares for each Sub-Fund.

Payment of the redemption proceeds (the redemption price less any applicable contingent deferred sales charge) will be made by the Depositary or its agents, usually within the settlement date established for each Sub-Fund in the Sub-Fund Specifications, to the account of the registered Shareholder, provided that a redemption order has been received by the Central Administration Agent, in the appropriate form. Payments can be made only to the registered owner of the Shares; third party payments cannot be made. Please note that payment of redemption proceeds may be delayed if the Central Administration Agent, has not received all required original documentation from Shareholders or their financial advisers, as appropriate, via mail.

The General Partner will endeavor to ensure, for any Valuation Day, that an appropriate level of liquidity is maintained in respect of each Sub-Fund so that redemption of Shares may, under normal circumstances, be made promptly on such date to Shareholders requesting redemption. However, the General Partner may limit the redemption of Shares to a maximum percentage of the NAV of a Sub-Fund in the event a Sub-Fund receives redemption requests in excess of the maximum redemption limit set out in the specific Sub-Fund's Summary under "Redemption Limit" in the Sub-Fund Specification, In the event a Sub-Fund receives redemption requests in excess of the Redemption Limit, redemption requests may be fulfilled on a pro rata basis up to the Redemption limit. Any part of a redemption request to which effect is not given by reason of the exercise of this power by or on behalf of the General Partner will be treated as if a request has been made in respect of the next Valuation Day and all following Valuation Days (in relation to which the General Partner has the same power) until the original request has been satisfied in full. Any such limitation will be notified to those Shareholders who have applied for redemption. In addition, under certain circumstances, the General Partner may suspend the right of Shareholders to redeem Shares. See section "10. SUSPENSION OF THE CALCULATION OF THE NAV".

If the General Partner discovers at any time that any beneficial owner of the Shares is a Prohibited Person either alone or in conjunction with any other person, whether directly or indirectly, the General Partner may at its discretion and without liability, compulsorily redeem the Shares, and upon redemption, the Prohibited Person will cease to be the owner of those Shares. The General Partner may require any Shareholder to provide it with any information that it may consider necessary for the purpose of determining whether or not such owner of Shares is or will be a Prohibited Person. Further, Shareholders shall have the obligation to immediately inform the Fund to the extent the ultimate beneficial owner of the Shares held by such Shareholders becomes or will become a Prohibited Person.

8. CONVERSION OF SHARES

Except if allowed in the Sub-Fund Specifications, conversion of Shares from one Class in a Sub-Fund into Shares of another Class of the same Sub-Fund or of another Sub-Fund is not permitted.

9. CALCULATION OF THE NAV

The reference currency of the Fund is the EUR. Each Sub-Fund may have a different reference currency. The NAV of each Sub-Fund's Shares is expressed in the reference currency of the respective Sub-Fund and within each Sub-Fund the NAV of each Class, if applicable, is expressed in the reference currency of the respective Class, as further described in the Sub-Fund Specifications. The NAV is calculated by the Central Administration Agent under the ultimate responsibility of the General Partner.

The NAV (being the assets less the liabilities) is calculated on a Class by Class basis on such frequency as set forth in the relevant Sub-Fund Specifications.

For the purpose of determining the NAV, the net assets attributable to each Class within each Sub-Fund shall, if not denominated in EUR, be converted into EUR and the NAV of the Fund shall be the aggregate of the net assets of all the Sub-Funds.

As regards relations between Shareholders, each Sub-Fund is treated as a separate entity, generating without restriction its own contributions, capital gains and capital losses, fees and expenses. The Fund constitutes a single legal entity. However with regard to third parties, in particular towards the Fund's creditors, each Sub-Fund shall be exclusively responsible for all liabilities attributable to it.

The General Partner has adopted a policy of valuing the Investments at fair value (*juste valeur*). The General Partner, in its discretion and in good faith, may permit some other method of valuation to be used, if it considers that such valuation better reflects the fair value (*juste valeur*) of any asset of the Fund.

All valuation regulations and determinations shall be interpreted and made in accordance with Lux GAAP.

In the absence of bad faith, negligence or manifest error, every decision in calculating the NAV taken by the Central Administration Agent, under the ultimate responsibility of the General Partner, shall be final and binding on the Fund and present, past or future Shareholders.

With respect to securities for which market quotations are readily available, the market value of a security held by a Sub-Fund will be determined as follows:

- (1) securities listed on an exchange are valued at the last sale price reflected on the consolidated tape at the close of the exchange on the first Business Day before the relevant Valuation Day. If there has been no sale on such day, the securities are valued at the mean of the closing bid and asked prices on such day. If no bid or asked prices are quoted on such day, then the security is valued at fair value by, or in accordance with procedures established by, the General Partner;
- (2) securities traded on more than one exchange are valued in accordance with paragraph (1) above by reference to the principal exchange on which the securities are traded;
- (3) securities traded in the OTC market, including securities listed on an exchange whose primary market is believed to be OTC (but excluding securities traded on The Nasdaq Stock Market, Inc. ("NASDAQ")) are valued at the mean of the current bid and ask prices;
- (4) securities traded on NASDAQ are valued in accordance with the NASDAQ Official Closing Price;

- (5) listed put or call options purchased by a Sub-Fund are valued at the last sale price. If there has been no sale on that day, such securities will be valued at the closing bid prices on that day. If there are no bid prices available for the relevant Valuation Day, the last available bid price will be used;
- (6) open futures contracts and options thereon will be valued using the closing settlement price or, in the absence of such a price, the most recent quoted bid price. If there are no quotations available for the relevant Valuation Day, the last available closing settlement price will be used;
- (7) United States government securities and other debt instruments having 60 days or less remaining until maturity are valued at amortized cost if their original maturity was 60 days or less, or by amortizing their fair value as of the last day prior to maturity if their original term to maturity exceeded 60 days (unless in either case it is determined, in accordance with procedures established by the General Partner, that this method does not represent fair value);
- (8) fixed-income securities may be valued on the basis of prices that reflect the market value of such fixed-income securities and that are provided by a pricing service when such prices are believed to reflect the fair market value of such securities. The prices provided by a pricing service take into account market factors, include institutional size, trading in similar groups of securities and any developments related to specific securities. For securities where the investment manager has determined that an appropriate pricing service does not exist, such securities may be valued on the basis of a quoted bid price or spread from a major broker-dealer in such security;
- (9) OTC and other derivatives are valued on the basis of a quoted bid price or spread from a major broker-dealer in such security; and
- (10) all other securities will be valued in accordance with readily available market quotations as determined in accordance with procedures established by the General Partner. In the event that extraordinary circumstances render such a valuation impracticable or inadequate, the General Partner is authorized to follow other rules prudently and in good faith in order to achieve a fair valuation of the assets of the Fund.

The assets and liabilities of different Sub-Funds or different Classes of Shares shall be allocated as follows:

- (1) the proceeds to be received from the issue of Shares of a Sub-Fund shall be applied in the accounts of the Fund to the relevant Sub-Fund;
- (2) where an asset is derived from another asset, such derived asset shall be applied in the books of the Fund to the same Sub-Fund as the assets from which it was derived and on each revaluation of an asset, the increase or diminution in value shall be applied to the relevant Sub-Fund;

- (3) where the Fund incurs a liability which relates to any asset of a particular Sub-Fund or to any action taken in connection with an asset of a particular Sub-Fund, such liability shall be allocated to the relevant Sub-Fund;
- (4) upon the record date for determination of the person entitled to any dividend declared on Shares of any Sub-Fund, the assets of such Sub-Fund shall be reduced by the amount of such dividends; and
- (5) in the case where any asset or liability of the Fund cannot be considered as being attributable to a particular Sub-Fund, such asset or liability shall be allocated to all the Sub-Funds pro rata to the NAV of the relevant Sub-Fund or in such other manner as determined by the General Partner acting in good faith.

For the purposes of the NAV computation:

- (1) Shares of the Fund to be redeemed hereof shall be treated as existing and taken into account until immediately after the time specified by the General Partner on the relevant valuation time and from such time and until paid by the Fund the price therefore shall be deemed to be a liability of the Fund;
- (2) Shares to be issued by the Fund shall be treated as being in issue as from the time specified by the General Partner on the valuation time, and from such time and until received by the Fund the price therefore shall be deemed to be a debt due to the Fund;
- (3) all investments, cash balances and other assets expressed in currencies other than the currency in which the NAV for the relevant Sub-Fund is calculated shall be valued in EUR at the applicable rates on the last Business Day of the financial year; and where on any valuation time the Fund has contracted to;
- (4) purchase any asset, the value of the consideration to be paid for such asset shall be shown as a liability of the Fund and the value of the asset to be acquired shall be shown as an asset of the Fund;
- (5) sell any asset, the value of the consideration to be received for such asset shall be shown as an asset of the Fund and the asset to be delivered shall not be included in the assets of the Fund;

provided however, that if the exact value or nature of such consideration or such asset is not known on such valuation time, then its value shall be estimated by the General Partner.

10. SUSPENSION OF THE CALCULATION OF THE NAV

The Fund is authorized to temporarily suspend the calculation of the NAV and the issue of any Class in any Sub-Fund in the following cases:

- (a) when for any reason the prices of any Investments owned by the Fund attributable to any Sub-Fund cannot promptly or accurately be ascertained; or
- (b) during the existence of any state of affairs which constitutes an emergency in the opinion of the General Partner as a result of which disposals or valuation of assets owned by the Fund attributable to such Sub-Fund would be impracticable; or
- (c) during any breakdown in the means of communication normally employed in determining the price or value of any of the investments of such Sub-Fund or the current price or values on any stock exchange or other market in respect of the assets attributable to such Sub-Fund; or
- (d) during any period when the General Partner is unable to repatriate funds for the purpose of making payments on the redemption of the Shares of such Sub-Fund or during which any transfer of funds involved in the realization or acquisition, of investments or payments due on redemption of Shares cannot in the opinion of the General Partner be effected at normal rates of exchange; or
- (e) if a resolution calling for the liquidation of the Fund has been adopted; or
- (f) if an underlying asset in which the Fund has invested in excess of 5% (five per cent) of the NAV of the Fund suspends the redemption of its shares; or
- (g) in exceptional circumstances which might adversely affect the interests of the Shareholders or in the event of large-scale applications (as more fully detailed in the Sub-Fund Specifications in the section related to Redemption Limit) to redeem shares.

Where possible all reasonable steps will be taken to bring any period of suspension to an end as soon as possible.

11. DIVIDEND POLICY

Any distributions of Sub-Fund cash proceeds, either during the life of a given Sub-Fund, or prior to or upon its liquidation, will be made at the sole discretion of the General Partner or upon a decision of the general meeting of Shareholders as the case may be. Any Distributions shall be based on the provisions as set forth hereafter, unless the

General Partner decides that a special distribution policy as set out in the relevant Sub-Fund Specifications, shall apply.

Distributions shall be made by the Fund on its Shares on an interim basis when declared by the General Partner in accordance with the Articles and the Private Placement Memorandum. The General Partner may, at its sole discretion, determine that no Distributions will be made by the Fund before the end of the 1st (first) year after the incorporation of the Fund. Prior to that date, such proceeds may, at the discretion of the General Partner, be reinvested by the Fund. All income and realization proceeds to the extent not retained in the Fund, and as described below will, after satisfying any expenses and liabilities of the Fund and subject to payment of the Management Fee and re-investment rights, be distributed in the following order of priority:

11.1. DIVIDEND RIGHTS

Except where stated in the Sub-Fund Specifications, the Fund will not distribute any dividend.

11.2. LIQUIDATION DISTRIBUTION

In case of a liquidation surplus payment, the entitlement to the liquidation surplus shall be effected according to the above principles and calculation method.

11.3. LOSSES

Losses (if any) of the Fund shall be determined by reference to applicable Luxembourg laws and regulations and accounting practice and they shall be allocated to the Shareholders according to the above principles and calculation method.

12. DISTRIBUTION

The distribution will be performed by the General Partner, as distributor of the Fund. The General Partner however reserves the right to appoint various companies to assist in this process.

The distributor of the Fund is an agent who sends marketing material, and distributes the Private Placement Memorandum and Subscription Forms to prospective investors. The distributor will coordinate with the Central Administration Agent to insure that all subscriptions are being processed correctly but will never collect or deal with subscription monies directly.

13. COSTS AND EXPENSES

Unless otherwise provided for in the Sub-Fund Specifications, any costs and expenses incurred during the launch, operation or liquidation of the Fund and any of its Sub-Funds shall be allocated as follows:

13.1. COSTS BORNE BY THE FUND AND ITS SUB-FUNDS

Formation costs

The Fund shall bear its incorporation expenses, including the costs of drawing up and printing the Private Placement Memorandum, notary public fees, the filing costs with administrative authorities and any other costs pertaining to the setting up and launching of the Fund.

These expenses shall be borne equally pro rata temporis by each Sub-Fund created during the first 5 (five) years following the launch of the Fund and its first Sub-Fund, provided that the maximum amount contributed by a Sub-Fund to cover these expenses may be capped to a certain amount as set forth in the relevant Sub-Fund Specifications . These expenses will be amortized on a straight line basis over 5 (five) years from the date on which the respective Sub-Fund commenced business. The General Partner may, in its absolute discretion, shorten the period over which such costs and expenses are amortized.

The expenses incurred by the Fund in relation to the launch of an additional Sub-Fund will be borne by and payable out of the assets of the relevant Sub-Fund and will be amortized on a straight line basis over 5 (five) years from the launch date of the relevant Sub-Fund, unless the General Partner shortens this period.

13.2. OPERATIONAL COSTS AND EXPENSES

Unless otherwise provided for in the Sub-Fund Specifications, each Sub-Fund shall pay all operational costs and expenses incurred for its own account, including:

- (i) transaction costs and expenses directly related to Investments; provided, however, that the General Partner acting for a given Sub-Fund will seek to require the payment by a prospective target of a transaction fee whenever appropriate and possible, which would be applied against these potential expenses;
- (ii) accounting expenses, auditing fees, bank charges, legal fees, representation and publicity expenses, and other direct out-of-pocket cost, fees and expenses charged to the Fund and a given Sub-Fund by lawyers, auditors, accountants, brokers, finders and other professional advisers;

- (iii) each Sub-Fund will also bear the managerial fees and operational expenses attributable to its own Investments, including, but not limited to, performance fees for the managers of those Investments, if any;
- (iv) taxes payable by the Fund, if any;
- (v) the costs of any listing application, if any, as well as the costs incurred with the ongoing listing of any of the Shares of the Fund or any Sub-Fund thereof;

- (vii) the costs of reasonable directors' and officers' liability insurance on behalf of the members of the Board;
- (viii) the costs incurred in connection with any litigation, arbitration or other proceedings in relation to the Fund or the Sub-Funds; and
- (ix) the costs relating to the convening and holding of Shareholders' meetings (including reasonable travel, accommodation and out of pocket expenses).

Each Sub-Fund shall thus pay for the costs and expenses directly attributable to it including any value-added taxes. Costs and expenses which cannot be allotted to one specific Sub-Fund will be charged to the different Sub-Funds in equal parts or, as far as it is justified by the amounts concerned, proportional to their respective net assets.

13.3. FEES OF THE DEPOSITARY, CENTRAL ADMINISTRATION AGENT AND DISTRIBUTOR

The costs of the Depositary, the Central Administration Agent and any distributors, as applicable, will be paid out of the assets of the Fund and calculated in accordance with customary banking practice in Luxembourg.

14. TAX STATUS

14.1. TAXES AND DUTIES OF THE FUND

In accordance with applicable Luxembourg laws and regulations, the Fund is not subject to any Luxembourg tax on income or capital gains regardless of its legal form. The Fund is moreover exempt from Luxembourg annual net wealth tax.

In addition, the Fund is subject to the annual *taxe d'abonnement* of 0.01% (zero point zero one per cent) paid quarterly and calculated based on the net asset value (certain exemptions can apply) at the end of the quarter to which the tax relates.

14.2. TAXES AND DUTIES OF THE SHAREHOLDERS

14.2.1. Non-Resident Shareholders

Further to the dispositions laid down by the article 99bis (1) of the amended law of 4 December 1967 (the “**Luxembourg Income Tax Law**”), non-resident shareholders of the Fund can be subject to tax in Luxembourg on capital gains realized upon sale of their shares. Non-resident shareholders shall be however, exempted from tax in Luxembourg, to the extent that (a) the sale concerns a participation in the Fund not falling within the meaning of article 100 of the Luxembourg Income Tax Law i.e. representing less than 10% (ten per cent) of the share capital, and (b) the sale occurs six months after acquiring the shares.

According to the article 156 (8) of the Luxembourg Income Tax Law, any capital gains realized by non-resident shareholders upon sale of their participation in the Fund shall be taxable in Luxembourg provided that (a) the non-resident shareholder has been resident in Luxembourg for more than 15 (fifteen) years and, (b) has disposed of the shares prior to 5 (five) years before becoming non-resident.

As per the article 66 of Law of 13 February 2007 relating to specialized investment funds, the amount distributed by the Fund shall not be subject to withholding tax in the hands of the non-resident shareholders. This is without prejudice to the provisions of the Law dated 23 July 2016 as amended which modifies the Law of 23 December 2005 as amended relating to the withholding tax regime on interest income.

The above provisions should apply without prejudice to any double tax treaty which shall apply in Luxembourg. To this extent, according to the Circular letter i.e. L.G.-A. No. 61 of 8 December 2017, the Fund may be eligible to obtain a certificate of residence from the Luxembourg tax authorities and submit it to the tax authorities of a treaty partner jurisdiction to benefit from the provisions of Luxembourg’s tax treaty. The Circular letter i.e. L.G.-A. No. 61 of 8 December 2017 enters into force as from 8 December 2017.

14.2.2. Resident Shareholders

Resident Shareholders receiving payments from the holding of debt claims in the Fund can be subject to withholding tax under the Law dated 23 July 2016 as amended which modifies the Law of 23 December 2005 as amended relating to the withholding tax regime on interest income. .

14.3. DISCLAIMER

The above information is based on current applicable Luxembourg laws, regulations and practices and may be subject to change.

15. CERTAIN SHAREHOLDER MATTERS

15.1. MEETINGS AND REPORTS

The annual general meeting of Shareholders is held every year at the Fund's registered office or at any other address in Luxembourg stipulated in the convening notice.

The annual general meeting of Shareholders shall be held on the first Tuesday of May of each year at 11.00 am (CET) and for the first time in 2013. If this date is not a Business Day, the annual general meeting shall be held on the next following Business Day.

Except as otherwise provided for by the applicable Luxembourg laws and regulations or the Articles, notices of all general meetings are sent by mail to all registered Shareholders, to their address indicated in the register of Shareholders, at least 8 (eight) calendar days before the general meeting.

These notices shall indicate the time and place of the general meeting, the admission conditions, the agenda and the Luxembourg legal quorum and majority requirements. Each Shareholder may participate in the meetings of Shareholders by appointing in writing, via mail, e-mail or facsimile, another person as his proxy. The Shareholders of a specified Sub-Fund may, at any time, hold general meetings with the aim to deliberate on a subject which concerns only their Sub-Fund.

At general meetings, each Shareholder has the right to one vote for each whole Share held.

Unless otherwise stipulated by applicable Luxembourg laws and regulations or in the Articles, the decisions of the general meeting of a specified Sub-Fund will be reached by a simple majority vote of the Shareholders present or represented.

The financial year of the Fund begins each year on the 1 of January and ends on the 31 of December of the same year, with the exception of the first financial year, which shall begin on the date of the Fund's incorporation and shall terminate on the 31 of December of the following year.

The accounts of the Fund will be expressed in EUR. For this purpose, all figures expressed in another currency than the EUR will be converted into EUR at the applicable rates on the last Business Day of the financial year.

As required by the 2007 Law, the Fund will publish an annual report drawn up as per the 31 of December, available to Shareholders at the registered office of the Fund ultimately 6 (six) months after the end of the financial year of the Fund.

The annual report includes a balance sheet or a statement of assets and liabilities, an income and expenditure account for the financial year, a report on the activities of the past financial year as well as any significant information enabling Shareholders to make

an informed judgment on the development of the activities and of the results of the Fund.

The financial information of the Fund shall be prepared in accordance with Lux GAAP, provided that the General Partner may decide to use different accounting methods in respect of any Sub-Fund level, as set forth in the relevant Sub-Fund Specifications.

The General Partner may establish any further reports and statements, such as an unaudited balance sheet, an income statement, a cash flow statement and a status report on any Sub-Fund's investments and activities during the applicable period, including deal-related cash flow and budget updates as well as summary descriptions of new acquisitions and dispositions, if any.

The General Partner may establish such further reports as determined in respect of a given Sub-Fund as set forth in the Sub-Fund Specifications.

15.2. TERM AND LIQUIDATION OF THE FUND AND OF SUB-FUNDS

The Fund has been set up for an unlimited term and shall end with the dissolution and liquidation of its last Sub-Fund.

The Sub-Fund(s) may be created for an undetermined period or for a fixed period as provided for in each Sub-Fund Specifications. Sub-Funds created for a fixed period will terminate automatically on their maturity date provided for in each Sub-Fund Specifications.

The General Partner may decide to liquidate a Sub-Fund if its net assets have decreased to, or have not reached, an amount determined by the General Partner to be the minimum level for such Sub-Fund to be operated in an economically efficient manner or if a change in circumstances relating to the Sub-Fund concerned would justify such liquidation.

Shareholders of the relevant Sub-Fund will be notified by the General Partner of any decision to liquidate the relevant Sub-Fund prior to the effective date of the liquidation and the notice will indicate the reasons for, and the procedures applicable to the liquidation.

Unless otherwise provided for in the Sub-Fund Specifications, the Shareholders of the Sub-Fund concerned may request the redemption of their Shares upon or prior to the liquidation by application of the applicable liquidation NAV as determined by the General Partner. Assets which cannot be distributed to their beneficiaries upon the close of liquidation of the Sub-Fund concerned will be deposited with the *Caisse des Consignations* on behalf of their beneficiaries.

In addition to the above, should the share capital of the Fund fall below $2/3$ (two thirds) of the minimum share capital, an extraordinary general meeting of Shareholders

must be convened to consider the dissolution of the Fund. Any decision to liquidate the Fund must be taken by a majority of the Shares present or represented at the meeting.

Where the share capital falls below $\frac{1}{4}$ (one quarter) of the minimum capital, the General Partner must convene an extraordinary general meeting of Shareholders to decide upon the liquidation of the Fund. At that meeting, the decision to liquidate the Fund may be made by Shareholders holding together $\frac{1}{4}$ (one quarter) of the Shares present or represented.

As soon as the decision to wind up the Fund is made, the issue of Shares in all Sub-Funds is prohibited and shall be deemed void.

15.3. AMALGAMATION

Unless otherwise provided for in the Sub-Fund Specifications, the General Partner may decide to terminate one Sub-Fund by contributing its assets and liabilities into another existing or new Sub-Fund or into another existing or new collective investment scheme or an assimilated entity.

The General Partner may also organize the amalgamation of two or more Sub-Funds into an existing or a new Sub-Fund.

The General Partner may also organize the amalgamation of two or more Classes of Shares within a Sub-Fund.

Shareholders will be notified of any such decision as well as the relevant information in relation to the new Sub-Fund, the new collective investment scheme or assimilated entity or the new Class of Shares. Notice will be provided at least 1 (one) month before the amalgamation in order to enable Shareholders to request that their Shares be redeemed before the amalgamation is completed.

15.4. CONSOLIDATION/SPLITTING OF SHARES

The General Partner may decide to consolidate or split the Shares of a Sub-Fund within a given Share Class.

16. INFORMATION AVAILABLE

Shareholders may receive copies of the Articles, the Private Placement Memorandum (including the Sub-Fund Specifications relating to the Sub-Fund(s) in which they hold Shares), the latest financial reports, if available, as well as any further documents and/or reports in respect of the Sub-Fund(s) in which they hold Shares, by mail upon their request and free of charge as well as during office hours at the registered office of the Fund.

Shareholders may only receive communication of the Sub-Fund Specifications relating to the Sub-Fund in which they have invested.

Copies for material contracts the Fund has entered into are available for inspection during business hours at the registered office of the Fund.

The NAV per Share of each Sub-Fund shall be available on each Valuation Day at the Fund's registered office.

Claims of Shareholders against the Fund lapse 5 (five) years after the date of the event giving rise to the rights invoked.

English shall be the governing language for the Private Placement Memorandum.

17. LATE TRADING

Late trading is to be understood as the acceptance of a subscription or redemption order after the cut-off time on the relevant day and the execution of such order at the price based on the NAV applicable to such same day.

The Fund considers that the practice of late trading is not acceptable as it violates the provisions of the Private Placement Memorandum which provide that an order received after the cut-off time is dealt with at a price based on the next applicable NAV. The cut-off time for subscriptions and redemptions is set out in the present Private Placement Memorandum.

18. CONFLICTS OF INTEREST

No contract or other transaction between the Fund and any other company or firm shall be affected or invalidated by the fact that any one or more of the managers or officers of the Fund is interested in, or is a director, associate, officer or employee of such other company or firm. Any manager or officer of the Fund who serves as a director, officer or employee of any company or firm, with which the Fund shall contract or otherwise engage in business shall, by reason of such affiliation with such other company or firm, be prevented from considering and voting or acting upon any matters with respect to such contract or other business.

In the event that any manager or officer of the Fund may have in any transaction of the Fund an interest different to the interests of the Fund, such manager or officer shall report to the Board such conflict of interest and shall not consider or vote on any such transaction and such transaction, and such manager's or officer's interest therein shall be reported to the next succeeding meeting of Shareholders.

The term conflict of interests, as used in the preceding paragraph, shall not include any relationship with or interest in any matter, position or transaction involving the Initiator, the Investment Advisor, the Depositary, the Central Administration Agent, the

distributors as well as any other person, company or entity as may from time to time be determined by the General Partner in its discretion.

19. RISK FACTORS

Potential investors should consider the following risk factors before investing in the Fund. Potential investors should also inform themselves of, and where appropriate consult their professional advisers, as to the tax consequences of application for buying, holding, exchanging, redeeming or otherwise disposing of Shares under the law of their country of residence or domicile. This information is not intended to be an exhaustive listing of all potential risks associated with an investment into the Shares.

19.1. GENERAL

The Fund must be considered for investors accepting a significant level of risk and who are aware that there is no assurance that the Fund's objectives will be achieved or that there will be any return of capital.

Prospective investors should consider carefully these and the following risk factors applicable to the Fund and relating particularly to the opportunistic investment strategy of the Fund prior to making any investment.

Investing in the Fund should be considered only by sophisticated investors who are willing and able to assume the risk of loss and degree of illiquidity involved by the type of investments made by the Fund.

19.2. RISK SPECIFIC TO INVESTING IN AN UMBRELLA FUND

19.2.1. General business risk

In this clause 19 a reference to the Fund includes a reference to (any of) the Sub-Funds or to its or their investments as the case may be. An investment in the Fund involves certain risk factors and considerations relating to the Fund's structure and investment objective which prospective investors should evaluate before making a decision to subscribe for Shares. No assurance can be given that the Fund will succeed in meeting its investment objective or that there will be any return on capital. Moreover, past performance is not a guarantee of future results.

Before making any investment decision with respect to the Shares, any prospective investors should consult their professional advisors and carefully review and consider such an investment decision in light of the risk factors included below in this clause 19. The following is a brief description of certain factors, which should be considered along with other matters discussed elsewhere in the Private Placement Memorandum. The following does however, not purport to be a comprehensive summary of all the risks associated with an investment in the Shares or the Fund generally. Rather, the following are only certain particular risks to which the Fund is subject and that the

Fund wishes to encourage prospective investors to discuss in detail with their professional advisors.

19.2.2. Long-term investments

Although investments by the Fund may occasionally generate current income, the return of capital and capital gains, if any, from an investment of the Fund will generally occur only upon the partial or complete disposition of such investment. While an investment may be sold at any time, it is generally expected that this will not occur for a number of years after the investment is made.

19.2.3. Restrictions on transfer of Shares

Investors will not have the right to transfer their Shares to other Well-Informed Investors, except as set out in the Private Placement Memorandum and the Sub-Fund Specifications and there is not expected to be a liquid, secondary trading market for the Fund's Shares. For these reasons, Investors will be required to bear the financial risks of their investment for the entire term of the Sub-Fund.

19.2.4. Newly formed entity

The Fund will be a newly formed fund with no operating history. There can be no assurance that the Fund's investment objectives will be achieved. Given the factors as described in this clause 19 there exists a possibility that an Investor could suffer a substantial or total loss as a result of an investment in the Fund.

19.2.5. Distributions

Except as stated in the Sub-Fund Specifications, no dividend will be distributed by the Fund to its Shareholders. Furthermore, the timing and the ability of the investments to make payments may be limited by applicable Luxembourg laws and regulations.

19.2.6. Increased competition

The Fund will engage in a business which is competitive. The entry of competitors, or decline in the number or size of investments being offered may adversely affect the Fund's ability to achieve its investment objectives. While the General Partner believes that attractive investments of the type in which the Fund intends to invest are currently available, there can be no assurance that such investment opportunities will be available when the Fund commences operations or that then available investments will meet the Fund's investment objectives.

19.2.7. Suitability of the investment

Investment in the Fund is only suitable for some investors. An investment is only adapted for Well-Informed Investors in accordance with article 2 of the 2007 Law and such Investors must have the financial capability and willingness to accept the risks and

illiquidity inherent to an investment in the Fund. Prospective Investors with doubts as to the suitability of an investment in the Fund for their situations should consult their financial advisors.

19.2.8. Taxation

An investment in the Fund involves a number of complex tax considerations. Changes in tax legislation in any of the countries in which the Fund will have investments, or changes in tax treaties negotiated by those countries, could adversely affect the returns from the Fund to its Shareholders. No assurance can be given on the actual level of taxation suffered by the Fund. Shareholders should consult their own tax advisors on the tax implications for them of investing, holding and disposing of Shares and receiving distributions in respect of Shares in the Fund.

19.2.9. Changes in Applicable Law

The Fund must comply with various legal requirements, including requirements imposed by the securities laws and company laws in various jurisdictions, including Luxembourg. Should any of those laws change, the legal requirements to which the Fund and the Shareholders may be subject could differ materially from current requirements.

19.2.10. Possible Adverse Effect of Large Redemptions

The investment strategy of a Sub-Fund could be disrupted by a large number of redemptions of Shares of the Sub-Fund. As a result of a large number of redemptions, a Sub-Fund may have to prematurely liquidate securities positions that have not yet adequately matured.

19.2.11. AIFMD-related risk

Further to the adoption of the AIFM Directive which regulates managers and operators of non-retail collective investment structures defined in the AIFM Directive as AIF, Luxembourg passed the AIFM Law implementing the AIFM Directive.

It appears that the Fund qualifies as an AIF, and depending on the potential development and future growth of the total value of assets under management the Fund may be within the scope of the AIFM Directive, which in turn would result in the necessity to either appoint an external, duly authorized AIFM or to apply itself for the status as a duly authorized AIFM in accordance with the AIFM Law.

Both the appointment of an external AIFM or the status of the Fund as a self-managed AIFM will have an impact on the structure, costs and prospectus of the Fund.

As various requirements of the AIFM Directive are applicable at fund level, such as reporting to regulators and investors on leverage and in relation to the acquisition of a controlling influence in listed or non-listed companies, additional operating costs may

be incurred by the Fund as a result of these requirements, which may in turn affect the actual returns of the Fund.

20. AMENDMENTS

The Fund Documents may be amended by a decision of the general meeting of Shareholders subject to and in accordance with the requirements provided for by the 1915 Law for the amendment of the Articles, provided that the General Partner may amend the Private Placement Memorandum without the involvement of the general meeting of Shareholders to:

- (a) reflect the outcome of decisions validly taken by the General Partner or by any of the agents of the Fund (e.g. on amalgamation or liquidation of a Sub-Fund);
- (b) reflect a change in the name of the Fund or any of its Sub-Funds;
- (c) make any change that is necessary or desirable to cure any ambiguity or to correct or supplement any provision of the Private Placement Memorandum that would otherwise be inconsistent with any other provision of the Private Placement Memorandum or the Articles; and
- (d) make a change that is necessary or desirable to satisfy any applicable requirements, conditions or guidelines contained in any opinion, directive, order, statute, rule or regulation of any governmental entity so long as such change is made in a manner which minimizes any adverse effect on the Investors.

The General Partner will inform the Shareholders and any agent of the Fund of any amendment to the Private Placement Memorandum promptly after it is made.

No major change may be made to the Private Placement Memorandum before the change has been approved by or filed with the CSSF.

4. **Investment Policy and Rationale:** the investment policy of the Fund through the present Sub-Fund is to identify, select and invest mainly in equity. If the market situation is adverse, the Sub-Fund could reduce its equity position to any level in order to protect the assets under management. The Sub-Fund does not use any leverage at any time. The Sub-Fund invest in

companies that offer value, without any particular regard to market capitalization. All investments are selected according to strict fundamental analysis. The investment process starts with a top-down analysis and continues with a bottom-up process focused on individual companies. In this way, the target is to identify companies that are undervalued in price by the market but with sound fundamentals. The use of derivatives is used for hedging purposes to protect the value of the portfolio. On an ancillary basis, derivatives could also be used under certain conditions to take positions in equity while maintaining a cash position.

The Sub-Fund may also invest up to 10% (ten per cent) of its net assets in investment funds.

The General Partner employs a process that combines research, valuation and stock selection to identify companies that have an history of above-average growth or which the General Partner believes will achieve above-average growth in the future. Growth companies purchased for the Fund include those with leading competitive positions, predictable and durable business models and management that can achieve sustained growth with reasonable business multiples.

The General Partner may sell a security for several reasons. A security may be sold due to a change in the company's fundamentals or if the General Partner believes the security is no longer attractively valued. Investments may also be sold if the General Partner identifies a stock that it believes offers a better investment opportunity or when market conditions change.

A mainstream product according to article 6 of the SFDR. It does not fall within the ESG criteria. The underlying investments to this investment product do not rely on the EU criteria for sustainable economic activities. This product does not trigger sustainable risks either. Temporary situations leading to fewer portfolio risk shall be permitted, however, these situations shall not overturn the investment policies.

The financial instruments mentioned above may have a leverage component.

General Description

The General Partner will be entitled to a performance fee, whose calculation method embodies the standards laid down by the ESMA guidelines on performance fees in UCITS and certain types of AIF which have been published on 5 November 2020 and adopted by the CSSF as per the circular CSSF 20/764 of 18 December 2020. Accordingly, the General Partner shall receive 10% (ten percent) out of the positive return realized by the Sub-Fund on the day of calculation of the Performance Fee.

The Performance Fee will be calculated and accrued on each Valuation Day on the aggregate Net Asset Value of the Sub-Fund and will be payable annually, thus the period for its calculation being from 1 January to December 31.

Performance Fee Calculation

The following section covers an accurate description of the Performance Fee calculation method

implemented every day on which the NAV is calculated and, which is coupled with a numeric example framed in a table that includes the relevant figures and headlines for Performance Fee calculation purposes. The relevant steps are outlined as follows:

Step 1. Obtain the NAV of the day prior to Performance Fee calculation in EUR: This is the result of dividing the Total Net Assets from the prior Performance Fee calculation by the Total Class of outstanding Shares.

Step 2. Verify if a positive Performance Fee has been earned: Compare NAV of the day prior Performance Fee calculation with the closing NAV of the previous year as at 31st December. If the comparison outcome results on a positive rate over 0%, there is a Performance Fee earned.

Step 3. Calculate the Performance Fee amount: In case of a negative result arising from the NAV comparison assessment, the Performance Fee shall amount to 0 (nil). Otherwise, the Performance Fee shall be calculated following this formula: NAV Performance rate of the year * Performance Fee rate (10%) * Average of the assets under management as from the first reference value of the Year up to the present day.

Step 4. Booking the Performance Fee provision: Book the Performance Fee provision and calculate the final NAV.

See below a simplified example showing how the Performance Fee would be calculated based on the above referred steps:

Date	TNA A share class	Shares outstanding A	NAV EUR before Perf. fee	Perf. NAV of the year (%)	Performance fee EUR	NAV after Perf. fee	Assets under Management	Average Assets under Management

All investments are selected according to strict fundamental analysis. The investment process starts with a top-down analysis and continues with a bottom-up process focused on the individual companies.

The Sub-Fund may also invest in all types of investment funds.

The Sub-Fund has a flexible approach to asset allocation and may vary the exposure to the different asset classes and markets in response to market conditions and opportunities.

Each of the Classes of Shares of the Sub-Fund can be hedged independently in accordance with the transactions referred to above irrespective of the currency in which each of them is denominated.

6. **Currency:** The Sub-Fund is denominated in EUR. There are two classes of Shares: Class A Shares denominated in EUR and Class B Shares denominated in USD.
7. **Size of the Sub-Fund:** The General Partner is seeking to reach up to EUR 3,000,000.- (three million euro) within 30 days of the launch of the Sub-Fund.
8. **Investment Restrictions:** The Sub-Fund shall comply with the investment restrictions set out under 4.2. of Part I of the Private Placement Memorandum.
9. **Eligible Investors:** The Shares of the Sub-Fund are reserved to Well-Informed Investors.
10. **Risk Factors:**

Emerging Markets

Shareholders should note that where the Sub-Fund invests in emerging markets these investments may carry risks with failed or delayed settlement and with registration and custody of securities. Companies in emerging markets may not be subject to accounting, auditing and financial reporting standards or be subject to the same level of government supervision and regulation as in more developed markets. Government involvement in the economy may affect the value of investments in certain emerging markets and the risk of political instability may be high. The reliability of trading and settlement systems in some emerging markets may not be equal to that available in more developed markets which may result in problems in realizing investments. Lack of liquidity and efficiency in certain of the stock markets or foreign exchange markets in certain emerging markets may mean that from time to time the Investment Manager may experience difficulty in purchasing or selling holdings of securities.

Investment in Debt Securities

The Sub-Fund, where investing in securities such as bonds, may be affected by credit quality considerations and changes at prevailing interest rates. The issuer of a bond or other debt securities (including but not limited to, government and their agencies, State and provincial government entities, supra nationals and companies) may default on their obligations by failing to make payments due or, repay principal and interest in a timely manner which will affect the

value of debt securities held by the Sub-Fund. Debt securities are particularly susceptible to interest rates changes and may experience significant price volatility. If interest rates increase, the value of a Sub-Fund's investment generally declines. In a historically low interest environment, risks associated with rising interest rates are heightened. On the other hand, if interest rates fall, the value of investments generally increases. Securities with greater interest rate sensitivity and longer maturities tend to produce higher yields, but are subject to greater fluctuations in value.

Investment in Equity

The value of the Sub-Fund where investing in equities fluctuates daily. Prices of equity can be influenced and affected by many macro and micro factors such as economic, political, market and issuer-specific changes. Such changes may adversely affect the value of the equities which can go up and down, regardless of company specific performance. Additionally different industries, financial markets and securities can react differently to these changes. Such fluctuations of the Sub-Fund's value are often exacerbated in the short-term as well. The risk that one or more companies in the Sub-Fund's portfolio will fall, or fail to rise, can adversely affect the overall portfolio performance in any given period and the Sub-Fund investing in equities could incur significant losses.

Investment in Investment Funds

The Sub-Fund's performance is directly impacted by the performance of any investment fund held by it. The ability of the Sub-Fund to achieve its investment goal is directly related to, in part, the ability of the investment funds to meet their investment goal.

Investing in other investment funds can be more costly than if the Sub-Fund had invested in the underlying securities directly. Shareholders of the Sub-Fund will indirectly bear the fees and expenses of the underlying investment fund. As the Sub-Fund's allocation among investment funds change from time to time, or to the extent that the expense ratios of the underlying investment fund change, the expenses borne by the Sub-Fund may increase or decrease. In addition, the determination of the net asset value per share of any particular investment fund held by the Sub-Fund may be suspended. In the event this were to happen, it could impede the ability of the Sub-Fund to meet a redemption request.

The Sub-Fund's investment in investment funds may subject the Sub-Fund to additional risks than if the Sub-Fund would have invested directly in the investment fund's underlying assets.

Another risk of investing in investment funds is the possibility that one investment fund may buy the same securities that another investment fund sells. If this happens, an investor in the affected Sub-Fund would indirectly bear the costs of these transactions without accomplishing the intended investment purpose. Also, the Sub-Fund or the investment fund may hold common portfolio securities, thereby reducing the diversification benefits of the Sub-Fund.

A transfer, exchange or assignment to an affiliate does not require the approval of the General Partner, if the transferee has a credit rating equal to or better than that of the transferor.

A Shareholder that wishes to transfer, exchange, or assign any interest in the Shares must notify the General Partner of the number of Shares it wishes to transfer, exchange or assign, the identity of the proposed transferee.

A Shareholder that wishes to pledge any interest in the Shares must notify the General Partner of the number of Shares it wishes to pledge, the identity of the proposed pledgee and the relationship, if any, between the pledgor and the pledgee.

The General Partner may not unreasonably withhold its consent unless:

27. **Setting-up costs:** The costs of the setting-up of the Sub-Fund and its registration as a compartment of the Fund in Luxembourg will be borne by the Fund. These costs are estimated at approximately EUR 22,000 and will be written off over a period of 5 (five) years from incorporation.
28. **Management Fee:** The remuneration to be received by the General Partner for its management services provided to the Sub-Fund shall be equal to a 1.5% (excluding VAT) per year of the NAV of the Sub-Fund payable monthly.
29. **Performance Fee:**

General Description

The General Partner will be entitled to a performance fee, whose calculation method embodies the standards laid down by the ESMA guidelines on performance fees in UCITS and certain types of AIF which have been published on 5 November 2020 and adopted by the CSSF as per the circular CSSF 20/764 of 18 December 2020. In principle, the General Partner shall receive 10% (ten per cent) out of the positive return realized by the Sub-Fund on the day of calculation of the Performance Fee.

The Performance Fee will be calculated and accrued on each Valuation Day on the aggregate Net Asset Value of the Sub-Fund and will be payable annually, thus the period of its calculation being from 1 January until 31 December.

Performance Fee Calculation

The following section covers an accurate description of the Performance Fee calculation method implemented every day on which the NAV is calculated and, which is coupled with a numeric example framed in a table that includes the relevant numbers and headlines for Performance Fee calculation purposes. The relevant steps are outlined as follows:

Step 1. Obtain the NAV of the day prior Performance Fee calculation in EUR: This is the result of dividing the Total Net Assets from the prior Performance Fee calculation by the Total Class of outstanding Shares.

Step 2. Verify if a positive Performance Fee has been earned: Compare NAV of the day prior

Performance Fee calculation with the closing NAV of the previous year as at 31st December. If the comparison outcome results on a positive rate over 0%, there is a Performance Fee earned.

Step 3. Calculate the Performance Fee amount: In case of a negative result arising from the NAV comparison assessment, the Performance Fee shall amount to 0 (nil). Otherwise, the Performance Fee shall be calculated following this formula: NAV Performance rate of the year * Performance Fee rate (10%) * Average of the assets under management as from the first reference value of the Year up to the present day.

Step 4. Booking the Performance Fee provision: Book the Performance Fee provision and calculate the final NAV.

See below a simplified example showing how the Performance Fee would be calculated based on the above referred steps:
